Career Objective

To apply my technical knowledge, creativity, and problem-solving skills in real-world software projects. I aim to contribute effectively to an innovative organization, learn emerging technologies, and grow as a skilled software professional capable of designing impactful digital solutions.

Education

Bachelor of Technology in Computer Science (AI & ML)

G. Pulla Reddy Engineering College | 2023–Present | CGPA: 8.28(Present)

Intermediate (MPC)

Sri Chaitanya Jr College, Tirupati | 2021–2023 | 95.7%

SSC

Narayana e-Techno School, Tirupati | 2020–2021 | CGPA: 10/10

Projects

AI Healthcare Assistant

An AI-based tool integrated with the Gemini API to analyze health symptoms and provide insights.

Book summarization using NLP

Designed an AI-powered book summarization platform using DistilBERT, enabling automatic text summarization, mind map generation via Mermaid.js, and RAG-based chatbot interaction for efficient information retrieval.

Internship Experience

IBM SkillBuild Virtual Internship (AI & Cloud Technologies) | 2025

Worked on developing AI-driven and cloud-based applications using IBM tools. Gained hands-on experience in model deployment, API integration, and scalable software solutions.

Technical Skills

Programming Languages	: Java, Python, C
Web Technologies	: HTML, CSS, JavaScript
Database	: MySQL

Achievements & Certifications

- 1st Prize Winner in Think2Impact 2026 – Industry Problem Solving Workshop, Lords Institute of Engineering & Technology in collaboration with PALS - IIT Alumni initiative.
- Certified in Java & Python – IIT Bombay Spoken Tutorials
- Java Foundation Skills – Infosys Springboard
- Fundamentals of AI – IBM SkillBuild
- MySQL Certification – HackerRank
